NASHUA SITE OF MILITARY CAMP

"Gate City" Invitation Is Accepted by Officials

First Time for R. O. T. C. Unit to Visit City—Camp Starts May 23—Appointments of Non-Commissioned Officers Made for Spring Term

According to a statement issued Monday by Major Hugo E. Pitz, Professor of Military Science and Tactics at the University, the annual spring encampment of the Reserve Officers Training Corps will be held at Nashua this year. The camp will be in Greeley Park on May 23, 24 and 25.

About six hundred men are expected to make the trip according to Captain John U. Ayotte, adjutant. The regiment may leave here on the afternoon of Sunday, May 22, on a special train. It will be commanded during the encampment by Cadet Lieutenant Colonel Oscar G. Kelsea, '27, student commander for the current scholastic year. The infantry battalion will be headed by Cadet Major Lester Ayres, '27, while Cadet Major C. Elroy Chase, '27, will command the artillery battalion. The regimental adjutant is Cadet Captain John Neville, '27.

The annual encampment takes place every spring in one of the leading cities of the state, the camp in 1926 being held in Concord. The program during the camp consists of a parade in the city, a regular camp environment such as the men would be called upon to undergo in time of active service, with meals and tents furnished by the government. A sham battle forms part of the program and the regiment and camp is inspected by officers of the regular army. During the evening parade of the final day the officers of the regiment who have completed the full requirements for the four years' work are presented their commissions as second lieutenants in the organized reserves of the United States Army and the regiment is reviewed by the Governor and his staff and other high military officials.

The appointments and promotions for the ranking non-commissioned officers of the regiment for the spring term were posted this week. They will go into effect at the first regular drill session of the term here Wednesday afternoon. The regimental sergeant major is to be John Nichols, '28, while John D. Fleming, '29, will act as sergeant major of the infantry battalion and Willard Bean, '29, as sergeant major of the coast artillery battalion. The first sergeants for the infantry battalion are to be Richard Daland, '28, Company "A", Daniel Ahern, '28, Company "B", and Harris Hatch, '28, Company "C".

The cadet officers for the regiment and the non-commissioned officers for the latter battalion were appointed for the year at the beginning of the winter term. In Battery "F," G. L. Atwood, '29, was promoted to the rank of sergeant and W. S. Bartlett, '29, advanced to the rank of corporal to replace Bean and Atwood promoted.

ALPHA GAMMA RHO ELECTS OFFICERS FOR COMING YEAR

At a recent meeting of Omega Chapter of Alpha Gamma Rho, the following officers were elected for the coming year: President, Edson F. Eastman, '28; vice president, Royal W. Smith, '28; secretary, G. Newton Weeks, '28; treasurer, Paul P. Bickford, '28.

NEW LOCAL PASTOR GIVES FIRST SERMON

Last Sunday morning the Reverend Frederick Bushmeyer gave his first sermon as pastor of the Community church in Durham. The subject of the service was "The Unfinished Symphony" by Schubert which was worked out as a comparison of music with life.

Mr. Bushmeyer expects to move here the first of next month when the parsonage will be fully repaired. At present Mr. Bushmeyer is finishing his seminary work at Boston University School of Theology, and will be in town from Friday until Monday of each week.

Both Mr. and Mrs. Bushmeyer are graduates of the University of Southern California at Los Angeles. Before accepting the position at the community church, Mr. Bushmeyer was assistant pastor of the Leyden Congregational church in Brookline, Mass.

CANES CARRIED BY SENIOR MEN

Girls To Display Class Emblems At A Later Date

Canes Are of a Fine Malacca Quality—A Fitting Symbol For the Final College Term of the Class of 1927

The senior canes, traditional emblems of the graduating class, appeared on the campus Tuesday morning, in the hands of the men students of the class of 1927. The canes were of light malacca with sterling silver bands bearing the letters U. N. H., and the class numerals encircling the wood near the handle. They are of a higher quality than the ones used in former years and were procured by the committee with the intent to protect them from the useless lacerations which seems to have been the habit previously.

The committee, composed of Furio Abbiatti, chairman, Burnell Bryant and Lester Ayres, obtained the canes through the firm of Lothrop & Farnham, represented by Brad McIntyre of the class of '25. The price of the cane is three dollars and fifty cents, but it is thought by the committee that they will last for a great length of time and be a life time memorial of "bright college years."

The girls of the class are not to be cutdone by the male members and have also procured similar emblems which will arrive in a few days, according to Frances Fairchild, '27, chairman of the committee. The girls' canes are to be lighter but of the same quality, which will prevent to a certain extent undue attempts at adornment in the form of carving and slashing. Members of the senior class will for the rest of the term be more distinguished and will command the respect which is difficult to procure when a fitting symbol is lacking.

Y. W. C. A. NOTES

Miss Winnifred Lowe has been appointed president of the Freshman Commission to take the place of Miss Thelma Bunker who is not on campus now.

A Holy Week service will be held in the church auditorium at seven o'clock on Monday evening, April 11th under the auspices of the Y. W. C. A. Special music by Miss Ruth Stolorthy, soloist, and Miss Edith Lundstrom, violinist, accompanied by Miss Harriet Shepard at the organ, will be a part of the program. Miss Alice Melendy and Miss Evelyn Davis will speak on Easter themes. The meeting is open to the community.

BASEBALL SQUAD STARTS WORKOUT

Practice at Brackett Field Starts With Many Men Out

Captain Ramsey to Pilot Nine—Several Veterans and Last Year's Freshmen Stars Report

The University of New Hampshire varsity baseball squad is rapidly swinging into stride at their practices on Brackett Field, and it is expected that Coach Henry Swasey will have a winning outfit on the diamond when the Blue and White team meets Norwich at Durham on April 23.

Among the men on the 1926 squad to report are Capt. Walter Ramsey, Hoyt, Hatch, Elliott, Columbia, Slayton and Schurman. Positions in the outfield have been left vacant by the graduation of Applin and O'Connor, while the first base position has been left open with the inelegibility of Robert Nicora, who has played four years of varsity baseball.

Several members of last year's freshman nine are among the varsity candidates, including: Clement, Brown, Nelson, Farrell, Hicks, Kirvan, Starke, and Dunlay. With this host of material the nine should have a great deal of competition for the regular berths. Hatch and Brown are working out well for the second base position, while there is even greater rivalry for the catchers' position. "Steve" Slayton, pitcher of the 1926 varsity squad, is also working out well for the opening game.

The Blue and White team did not play Norwich last season, and little is known of the Cadets. The star varsity pitcher of the Norwich nine has recently undergone an operation for appendicitis, and this has seriously handicapped the workings of the squad.

A hard schedule presents itself to the ball tossers, and the opening games as well as the coming practice will soon tell the prospects for the season.

NEW IMPROVEMENTS APPEAR ON CAMPUS

Terrace Begun in Back Court of Hetzel Hall—New Filtering System Installed—Shrubbery To Be Set Out Around Fairchild Hall Group

During the recent vacation several improvements were made on the campus and buildings of the university. Work was begun on a cement terrace in the back court of Hetzel Hall which is expected to be finished in about three weeks and to add much to the attractiveness of the dormitory inasmuch as it opens out directly from the lounge room situated on the ground floor of the building. A chlorinating water filter was installed and is now in operation upon the water supply of the school. The outside woodwork of Nesmith Hall was painted, lawn grading done in front of Congreve Hall, a hot water heater was installed in the Barracks, and linoleum was laid on the floors of the dining halls in the Commons. All of the university tennis courts, except one at the Barracks, which has not yet dried out, were thoroughly reconditioned for the strenuous use which they will receive this season.

Next week, under the direction of Mr. Bremer Pond, shrubs will be set out in front of Hetzel, Fairchild and the Commons, and in the near future, balustrades will be erected on the walkways between these buildings. The erection of some new tennis courts this term is also hoped for.

It has been earnestly requested by Mr. Harold W. Lovern, superintendent of property, that the students of this university cooperate in the work being done to beautify this campus by not throwing refuse upon the lawn or in the bushes.

NEW ENGLAND CHAPTERS OF CHI OMEGA TO MEET HERE

The first convention of the New England chapters of Chi Omega will be held in Durham, June 22-25. Many of the western chapters have had conventions during the year when National does not, but nothing has been done so far in New England by Chi Omega.

It is expected that there will be representatives here from Colby College, the University of Maine, Jackson College, Massachusetts, and Rhode Island State College.

The convention program includes discussions on college and fraternity problems, addresses by speakers from national headquarters, sports and a banquet. As far as possible the convention will be informal and serve as an idea for future conventions in the East.

The Chi Omega House will be the headquarters of the convention and Congreve hall will be used as a home for the delegates from out of town.

FRESHMAN BASEBALL MEN START PRACTICE

Seventy-five Candidates, Including Several Prep School Stars, Report To Coach Nicora

A squad of about seventy-five men answered the call for the freshman baseball team at the beginning of the spring term. Battery men came out for practice last Friday, and have been in the field warming up for the past week.

Robert J. Nicora, recently appointed coach of the freshman baseball team this spring. "Nic" has been a stellar athlete at New Hampshire during his four years, winning four letters each in football, basketball and baseball, besides captaining the baseball team last year.

The men are getting practice in fielding and batting; the pitchers are taking turns in the box under the cages, immediately under the eye of Coach Robert Nicora, last year's varsity first baseman.

Among some of the more prominent candidates for the team are men from the high schools and preparatory schools of New England: Clyde Tyler of Colby, John Small of Hebron, Joseph Fleming of Colby, McFarland of Nashua, Lynch of Hebron, Causer, last year's captain for Dover, and Grenier from Manchester West Side High.

Some time during the next week, when the coach has had a chance to know the team better, and can choose the best players, a cut will be made in order to get the squad down to working size.

JUNIOR GIRLS' TEAM DEFEATED BY FROSH

Capt. Bernaby of "Freshmen" Basketball Leads 1930 Class Girls to 33 to 26 Victory—Juniors Remain As Champions of Interclass Basketball League

The undefeated junior girls' basketball team, champion of the interclass league, was recently defeated 33 to 26 by a pick-up freshman team which accepted the challenge of the juniors. During the entire game the freshmen outclassed the champions both in offensive and defensive. Captain Helen Bernaby, left forward for the freshmen, was the star of the game, securing 21 points for the '30 girls. Marian Hamlin, right forward for the freshmen, also starred in the game.

Atilia Baldi of the junior team, who has been a constant threat in the class games, easily outclassing her opponents, found great difficulty with her freshman opponents. The team work of the freshmen was noticeable and contributed to the downfall of the juniors.

Although defeated by the freshman team the juniors still hold the interclass championship. The lineups:

FRESHMEN	JUNIORS
Hamlin, rf	lg, Fifield
(Capt.) Bernaby, lf	rg, Milam
Bunker, c	c, Steeves
Smith, sc	sc, Baldi
(Lundstrom)	
(Johnson)	
Lord, rg	lf, Daniels
Lockwood, lg	rf, Joy

DELTA PI EPSILON ELECTS DANA COTTON AS PRESIDENT

Dana Cotton, '27, of Gorham, manager of varsity debates, was elected president of Delta Pi Epsilon fraternity at a meeting held Tuesday. Other officers elected were: Edward Ward, '28, of Wakefield, Mass., vice president; Malcolm Conant, '28, of Canterbury, recording secretary; Dane Cummings, '29, of Peterborough, corresponding secretary; and Lester Brooks, '28, of Durham, treasurer.

NEW ISSUE OF GRANITE WILL SOON MAKE ITS APPEARANCE

The New Hampshire 1927 "Granite" will make its appearance on campus the last part of this month, according to a statement by Ned Elliott, '28, the editor. Elliott states that all money for junior "cuts" must be paid before the presentation of the year book can be made public.

Together with the many special features that are contained in the "Granite" is the novelty panel work. Among the most prominent of these panel features are those pages devoted to the individual photographs of the Granite board. The "cut" covers two full pages and the pictures are arranged to form the letters N. H.

ANNUAL SOPHOMORE HOP FRIDAY NIGHT

Tech "Tunesters" To Furnish Music Until Twelve O'clock—Decorations To Be In Blue and White With Contrasting Numerals

Tomorrow night from eight to twelve o'clock the Sophomore class will hold its annual Midnight "Hop" in the Men's Gymnasium, as the first major social event of the season. Music for the ball is to be furnished by the "Tech Tunesters," well known orchestra from M. I. T. The "Tunesters" are noted for their "pep" and for their well worked out specialty stunts.

Decorations in the gym are to be in blue and white, with the predominating idea of the Sophomore numerals. Blue lighting effects will add greatly to the beauty of the decorations.

In the receiving line will be Lieutenant and Mrs. Arthur F. Gilmore, Professor and Mrs. Thorsten Kalijarvi, and Mr. and Mrs. George DePew, who will act as chaperones for the dance.

Arrangements for the "Hop" have been made by the following committee: Ralph Garlock, chairman; Justin Clark, Marjorie Dahlberg, Ruth Pitcher, Jane Blake, Wallace Nelson, Philip Gatz, and John Dow.

CLOSE RACE ON IN INTRAMURAL SPORTS

Theta Kappa Phi Leads A. T. O.'s By Half Point Margin—No Team In First Division Is Out of Running With Four Sports Scheduled

That a close race is on in the Intramural Trophy competition is indicated by the results of the points gained to date by the various fraternities and intramural groups. The Theta Kappa Phi fraternity has a small lead of one-half of a point over the A. T. O.'s, their nearest opponents. The next five fraternities are separated by only a few points, giving them a chance to overtake the leaders. In fact the intramural competition is by no means clinched by any intramural group, for the unexpected may take place in all athletic events, especially intramural athletics.

Four sports, swimming, baseball, tennis and track, are fostered by the intramural association this term, giving all fraternities an opportunity to exhibit their strength in several diversified athletic events. The baseball leagues open in another week, while the intramural track meet takes place on April 23. No dates have been set at the present time for swimming and tennis meets. The intramural standing to date is as follows:

Theta Kappa Phi, 221; Alpha Tau Omega, 220½; Sigma Alpha Epsilon, 205; Phi Mu Delta, 198½; Lambda Chi Alpha, 191; Phi Delta Upsilon, 187; Theta Chi, 184½; Alpha Gamma Rho, 173; Tri Gamma, 170; Theta Upsilon Omega, 167½; Kappa Sigma, 157; Delta Pi Epsilon, 155½; Hetzel, 103 1-3; East Hall, 65; West Hall, 52 2-3; Phi Alpha, 52½; Fairchild, 52; Delta Sigma Chi, 51.

DRIVE FOR YALE ENDOWMENT FUND LED BY DR. RICHARDS

Dr. Alfred C. Richards, head of the Department of English, is acting as local chairman of the Yale Endowment Fund Drive for this district which includes Durham, Dover, Somersworth, Alton, Exeter, Newton, Plaistow and Wolfeboro. A banquet will be held in Manchester April 20 for the purpose of explaining and discussing the aims and methods of the drive. Several Yale men from Durham are planning to attend according to Doctor Richards.

CHI OMEGA HOUSEMOTHER NOT TO RETURN THIS TERM

Mrs. Marie P. MacNutt, who was the housemother at the Chi Omega House for the first two terms this year, was unable to return for the spring term because of poor health. At present Mrs. MacNutt is in Atlantic City, New Jersey, but if her condition improves she expects to return for Commencement. Mrs. E. T. Fairchild is acting as housemother this term.

VARSITY ATHLETES TO HAVE BANQUET

All "N. H." Letter Wearers Guests of Athletic Dept.

First Annual Certificate Night and Banquet to be Held on April 13

For the first time in the history of New Hampshire athletics, all University of New Hampshire letter men who earned letters during the spring and fall of 1926 and the winter of 1927 will be the guests of the Athletic Department at the First Annual "N. H." Certificate and Banquet Night to take place at the Commons on Wednesday, April 13, at 7.15. The faculty on athletics and the executive council will attend, as will all men students who pay the required admittance fee. The Athletic Department will also invite all "N. H." wearers in college and all New Hampshire graduates who are coaching.

John M. Cates, former Bowdoin football coach, who has recently accepted the position as graduate manager at Yale, will be the chief speaker of the evening. Coach William H. Cowell will present the letter certificates to the varsity athletes.

One of the interesting features of the program will be an introduction for the first time of a New Hampshire song written by Edward Y. Blewett, '26, varsity hockey player last year. Lyle Farrell, '29, varsity football and boxing letter player, will sing the new song. The music for the dinner will be furnished by the Red Ramblers, well known campus orchestra. The committee of coaches in charge of the affair consists of Henry C. Swasey, Capt. Charles Pettee, and Ernest Christensen.

Tickets for the athletic banquet will go on sale this week until Monday noon, April 11, when the sale closes. The price of the banquet fee is \$1.50 for all men students, other than the invited guests. In past years the letter men have been awarded their certificates at convocation, but the new idea of an annual banquet and a formal presentation of certificates, should give more recognition to the varsity athletes of the university.

MR. UFFORD ARRANGES DEBATING SCHEDULE

Varsity Teams to Debate on the Subject of "Censorship" and "The United States Foreign Policy"

The varsity debating schedule for next year has been arranged with "Censorship" and "The United States Foreign Policy," the topics to be debated with Connecticut Agriculture College, Rhode Island State College and the University of Maine. A dual debate will be held with Connecticut Agriculture College November 28, 1927, on the subject of censorship. In this debate the affirmative team will travel to Orono. On March 12, 1928, "The United States Foreign Policy" will be debated, the negative team will meet Rhode Island at Durham while the affirmative team will travel to Storrs meeting at Connecticut. "Censorship" will deal with books, periodicals, plays, and moving pictures. The "United States Foreign Policy" will concern the Monroe Doctrine, "bearing the white man's burden," alleged imperialism, and relationships with Mexico, Nicaragua, the Philippines, China and Japan.

The debates will be conducted next year according to the Oxford method as employed in the 1926-1927 contests, the decisions being given by three official judges chosen by the home college. As an additional check, unofficial, except as the deciding factor in case of ties, each judge shall list the six speakers in their order of excellence as debaters. The result of this listing will be called the Team Point Score. The first choice of each judge shall be worth six points, his second five, his third four, his fourth three, and his sixth one.

The University of New Hampshire is a member of the New England State College Debating League which consists of: Rhode Island State College, The University of Maine, The University of New Hampshire, Connecticut Agriculture College, The University of Vermont and Massachusetts Agriculture College. Mr. Celian Ufford, director of debating here and secretary-treasurer of the league, and Dana Cotton, '28, represented New Hampshire at the second annual meeting at Boston.

A PLEDGE TO YOU

The present issue of THE NEW HAMPSHIRE is the first under the new administration. In it, as will be the case during the course of the coming year, we have endeavored to carry on the policy so ably fostered by Frederick L. Robinson of the senior class during the two years in which he headed the publication. He made it a paper for students and alumni by students and alumni and, we believe, at all times lived up to the ideals and traditions of the University with a wisdom and loyalty which deserve the supreme praise of imitation.

The paper belongs to the student body and the alumni and is published with the intention of pleasing them at all times. Consequently, constructive criticism will be welcome and the wishes of individuals will be adhered to as closely as possible, in order that THE NEW HAMPSHIRE will be truly representative of all the elements which go to make up the University of New Hampshire, faculty, students and alumni. The faculty are especially requested to keep in touch with the editors and to pass on such news and suggestions as they see fit.

The cooperation of the athletic department, the extension service, and other divisions of the university administration during the past year was all that could be desired on the part of those connected with THE NEW HAMPSHIRE and the new editors wish no more than that the spirit of helpfulness and friendship which was then so evident on the campus will continue in the future. We realize that we are new at our jobs, that we are inexperienced, and that the record set by the retiring board is a hard one to equal, but we intend to do our best and "aim to please." If subscribers and friends will cooperate with THE NEW HAMPSHIRE, the board will do its utmost to please all concerned and to continue to make the paper another student activity which the University may feel is giving its most for the ideals and traditions of "New Hampshire."

A NEW CUSTOM

It is with considerable interest and approval that we note the recent decision of the Athletic Department of the university to hold an annual banquet for the letter men, past and present, of the university, at which time the letter certificates will be awarded to the men who have earned the coveted "N. H." in the various fields of sport during the entire year.

We see in this move an earnest attempt on the part of the athletic officials to extend an expression of appreciation far more real and personal than the formal presentation of letter certificates at a Convocation meeting, as has been the custom in the past. Fraternities hold senior farewell banquets, and other organizations wind up their seasons in a similar fashion. It is fitting that the letter men, as representatives of what is, perhaps, the most important extracurricular activity, should meet together as a body and it is especially fitting that the custom should be inaugurated at the close of a year in which New Hampshire athletics have held a notable position on the sporting map of the East.

Earning an "N. H." is an achievement and is the reward of a great

CIVIL SERVICE EXAM FOR JUNIOR CHEMISTS

Applications for Exam Must Be in Washington Before April 30—Opportunity for Chemistry Students of the University

Applications for the civil service examinations for junior chemist must be filed with the civil service commission at Washington not later than April 30. These examinations open the way for government positions which command a high salary after the probationary period and provide a start for the students who are majoring in chemistry or for the chemical engineers.

The examination is to fill vacancies in the federal classified service throughout the country including the Departmental Service, Washington, D. C., and the Forest Products Laboratory of the Forest Service, Madison, Wisconsin. The date for assembling of competitors will be stated on admission cards to applicants and will be about ten days after the date for the close of receipt of applications.

Competitors will be rated on general chemistry, elementary physics, and an optional subject, the optional subjects to be chosen from the following list: advanced inorganic chemistry, analytical chemistry, organic chemistry, and physical chemistry.

The entrance salary in government work in this field in the District of Columbia is \$1,860 a year. After the probationary period required by the civil service acts and rules, advancement in pay depends upon individual efficiency, increased usefulness, and the occurrence of vacancies in higher positions.

amount of hard work on the part of the athlete, whatever the sport. It means that the wearer has participated in man to man competition in a large majority of the contests in the sport in which the letter is earned. These men have aided greatly the success of that which goes to make up university life and we extend our heartiest congratulations to the Athletic Department for instituting what appears to be a worthwhile and commendable custom.

"Elephants a-pilin' teak,
 In the sludgy, squdgy creek,
 Where the silence 'ung that 'cavy
 You was 'arf afraid to speak!"
 —Kipling's "Mandalay"

ELEPHANTS

The elephant is man's most intelligent helper. But—consider this interesting comparison:

An elephant is much larger than the electric motor of a "yarder" or logging machine. The "yarder" has the power of twenty elephants; it handles clusters of logs; it works dependably, twenty-four hours at a stretch, if necessary.

Twenty elephants would eat daily 10,000 pounds of green food, which a corps of attendants must gather. A motor "eats" nothing but electricity, supplied at the throw of a switch.

Power used in the modern industrial world is applied through electric motors—tireless "iron elephants" that are relegating antiquated machines to museums, along with such oldtime household articles as wash-tubs and ordinary irons—and stuffed elephants.

Two million elephants could not do the work now being done by General Electric motors. Whatever the work to be done, whether it needs the power of an elephant or the force of a man's arm, there is a General Electric motor that will do it faithfully for a lifetime at a cost of a few cents an hour.

IT HAPPENED IN THE SECOND ACT! A TRAGIC
 SCENE . . . BUT IT HAD A HAPPY ENDING

1. It was the "big moment" in the play. The suspense was terrific. "At last, my proud beauty, I have you in my power" . . . the villain snarled. "I am going to . . ."

2. Just then Clarence started to cough. Great Coughs! How he coughed. He couldn't stop; his throat tickled so.

3. "Put him out" . . . someone yelled. If looks could kill, Clarence would have been murdered by fifty people around him.

4. The curses of the villain were drowned by the "cussing" of Clarence. But what could the poor fellow do! When a man's throat tickles . . . he's gotta cough!

5. The next morning Clarence switched to Old Gold Cigarettes. "No more sandpaper smokes for me," he said. "From now on, I'll smoke the blend that soothes the throat while it thrills the taste."

ALUMNI NOTES

CLASS OF 1884

It is with great regret that THE NEW HAMPSHIRE notes the death of George M. Moore. Following his graduation he became the proprietor of a general store at Plymouth Notch, Vt., and later entered the lumber business at Tyson. When his mill burned he moved to Ludlow, where his interests turned to the real estate and insurance business. Here he lived until his death.

CLASS OF 1912

Mr. and Mrs. Waldo H. Quimby announce the birth of Roger Conant Quimby, March 21, 1927.

The address of Arthur D. Leighton has been changed to 6842 Oriole Avenue, Chicago, Ill.

CLASS OF 1916

Mr. and Mrs. Lewis B. Robinson announced the arrival of Natalie Josephine Robinson on March 27, 1927.

CLASS OF 1918

James W. Dodge is now living at 28 Mynderse street, Schenectady, N. Y.

CLASS OF 1920

Mr. and Mrs. Norris D. Gove (Marion Sprague, '21) announce the birth of Barbara Jean Gove on March 7, 1927. Mr. and Mrs. Gove are at present living in Holmes, Pa.

Phoebe Stryker of St. Faith's School, Syracuse, N. Y., spent the week-end in town and attended the Alpha Chi Omega initiation.

CLASS OF 1922

Natalie Marshall is now with the Lowell Cooperative Bank, Lowell, Mass.

CLASS OF 1923

Stafford "Dutch" Connor has been coaching at New York University. He holds one of the best coaching positions of the New Hampshire graduates.

Ralph E. Parkhurst expects to leave Philadelphia to enter the employ of the Graver Refinery Engineering Co., Chicago, Ill.

L. J. Lemieux has moved to 22 Wood street, Wilkesburg, Pa.

CLASS OF 1924

Alfred W. Smith is with the Lowell Electric Company, Lowell, Mass.

Arthur Nakos is also with the Lowell Electric Light Company. He has recently been married.

CLASS OF 1925

George Clark spent the week-end at the Kappa Sigma House. He is at present with the Edgemore Iron Company of Wilmington, Del., as a salesman.

The engagement of Eleanor Pray and James Simpson has been announced. Miss Pray was on the campus for the Alpha Chi Omega initiation.

Francis Mathews holds a position in the steam department of the Lowell, Mass., Electric Light Company.

Pauline Putnam spent the past week-end on the campus. She is living at the Portsmouth Y. W. C. A., and is teaching mathematics in Portsmouth High School.

CLASS OF 1926

Hanford Farnum has accepted Worcester Academy's offer to return there next year at an increased salary. He has been a recent visitor on the campus.

Helen Webster has also been in Durham recently. She is living at the Buckminster Hotel, Boston, Mass.

Hjalmar L. Maki has moved to 496 Ella street, Wilkesburg, Pa.

Louis Foote, Vivian Landman, James McManus, Lillian Hudon and Daniel Mathews were all on the campus last week-end.

CLASS OF EX-1923

Ralph W. Pierce is living at 71 Norcroft street, Lowell, Mass. He has recently been married.

CLASS OF EX-1928

Marion Walker, now of Wellesley, and Mary Zacharias of Portsmouth spent the week-end at the Alpha Xi Delta house.

CLASS OF EX-1929

Arthur Woods is working in Philadelphia, Pa., at present.

Helen Card, "Huck Finn," was another of the many week-end visitors.

RESULTS OF ALUMNI BOWLING MATCHES

Because of the inability of all the members to get together at any convenient time, the Pittsburgh Branch has held two matches in one week. The scores for the March 21st game are as follows:

Cone.	168	162	198	Total
Neal.	122	120	118	328
Lemieux.	179	182	154	465
Marat.	151	176	171	498
Colby.	73	66	128	267

Total. 2118

For March 24, as follows:

Cone.	122	166	143	Total
Neal.	142	136	187	431
Lemieux.	135	156	121	412
Marat.	142	156	138	436
Colby.	130	150	107	387

Total. 2131

The Eastern New York Branch bowled on March 18th, with the following results:

T. Atkinson, '25.	157	143	141	Total
G. Perkins, '14.	150	151	113	414
J. Twomey, ex-'13.	131	151	127	409
A. Bond, ex-'21.	154	100	119	373
R. Scammon, '10.	131	135	95	361

Total. 1998

The Boston Branch held its 4th bowling match on March 17th, at the Recreational Alleys. The results are as follows:

Fudge.	92	97	105	Total
Caulstone.	102	82	87	271
McLucas.	83	92	95	260
O'Leary.	78	76	89	243
Blewett.	85	75	82	242

Plus 2-3 "conversion factor." Team score, 2200

The scores in the three former matches were 2030, 2080 and 2212.

MEMBERS ELECTED TO MASK AND DAGGER

Officers Nominated and Action Taken in Regard to Awarding of Prizes

At a meeting of Mask and Dagger honorary dramatic society of the university at the Commons Building Monday night, several matters of importance were discussed and officers for the coming year were nominated, the election to take place at the next meeting which will be held April 18. Seven new members were elected to the organization, and a vote of the society was taken in regard to the awarding of the annual prizes for excellence and proficiency in dramatic and technical work. Hereafter the Donald Walling Memorial Prize and the two Fairchild prizes will be presented to seniors only and to only such seniors as have fulfilled other conditions of the awards. The society voted to enlarge the endowment of the prizes by one hundred dollars.

Professor Hennessy received the sanction of the society for his selection of the play, "Seven Chances," by Roi Megrue, for the spring term production. New members elected to the society were: Frank Horne, '28, Osmond Strong, '29, Thomas Colby, '28, William Prince, '30, Frances Fairchild, '27, and Charles Johnson, '29.

WOMEN DEBATERS ARE GUESTS OF BOSTON PAN HELLENIC

The women's debating teams from the University of New Hampshire were the guests of the Boston Pan Hellenic at its annual luncheon on March 17 at the new University Club. After the luncheon and musical program, the teams debated on the question: "Resolved, that sororities and other secret clubs are undesirable in colleges and universities." The girls who made the trip were Dorothy Annette, '29, and Dorothy Davis, '28, affirmative; and Gwendolyn Jones, '27, and Alice Spinney, '29, negative. There were over 350 members at the gathering, graduates of 44 colleges and universities, and every state in the Union was represented with the exception of four.

"That's the ticket!"

A welcome summons to the best thing any cigarette can give — natural tobacco taste

No other cigarette offers a like measure of natural qualities, naturalness of character, purity of taste, and genuine tobacco goodness. Natural tobacco taste gives all that—and then some!

Chesterfield

They Satisfy—and yet, they're MILD

LIGGETT & MYERS TOBACCO CO.

"What's the future with a large organization?" That is what college men want to know, first of all. The question is best answered by the accomplishments of others with similar training and like opportunities. This is one of a series of advertisements portraying the progress at Westinghouse of college graduates off the campus some five—eight—ten years. Write for booklet reprinting the entire series.

He went in for instruments— with a vengeance!

H. P. SPARKES

WHEN H. P. Sparkes (Alabama Polytechnic '17) finished the Engineering School at Westinghouse he went in for instrument design. His career since then has been punctuated with solid accomplishments.

By the end of his fourth year here he had completed a thesis for his E. E. and had, at the same time, embodied the results of this thesis in an indicating watt meter—one of the largest in size ever built up to that day.

Shortly thereafter, because of his special interest in the instrument field, he was dispatched on an engineering trip abroad, visiting and working in England,

Norway, Sweden, Denmark, and France. Upon his return he entered commercial work and was assigned to the Pittsburgh territory—including such industrial centers as Cleveland, Youngstown, Pittsburgh—as a specialist responsible for the sales, service, and operation of watt-hour meters, instruments, and relays in this important district. Here he will be found today, acting as intermediary between the sales force on the one hand and the engineering and factory departments on the other. He backs up the salesmen with a highly specialized knowledge. He advises with the engineers and with the factory in the design and manufacture of apparatus that is best suited to commercial requirements.

His own pioneering spirit has

still found field for play, so that this year he demonstrated to the A. I. E. E. the first advance in the method of calibrating watt-hour meters in thirty years. Some 16,000,000 tests of watt-hour meters are made in this country annually. They cost about 20c apiece. Sparkes has devised a practicable method that chops more than 50% off this bill—a tidy saving. It eliminates the human element; it gives greatly improved accuracy.

Thus his first ten years at Westinghouse—and not unlike that of other college men who bring with them, when they come here, energy, imagination, and the groundwork upon which to build superlative engineering proficiency.

Westinghouse

A Scripto Pencil is like an old friend—missed tremendously when absent and royally welcomed on return. Furnished in assorted leads—red, blue, indelible, and of course, in black. Pencil and box of leads, 25c.

Your texts should be in your possession now. Be sure to order at once those you have not secured. Get the jump on the term's work and keep the lead.

TRACK SQUAD CALLED OUT BY COACH SWEET

Varsity Suffers Heavy Losses Through Graduation — Freshman Team Weak in Weight and Field Events—Few Experienced Men Among Freshmen Candidates

One hundred and fifteen candidates for varsity and freshmen track reported to Coach Paul Sweet Monday afternoon. Part of the squad had been out for several days, but this was the first time that the entire group appeared. Coach Sweet was reluctant to discuss chances for a successful season, but states that developments of the next few weeks may change the outlook.

The losses from the squad of last year were very severe. Captain Peaslee, star miler and two miler, Van Allen, century and furlong, Evans, javelin, and Williams, miler, all sure point winners, have been lost through graduation, as has also Grey, dependable timber topper. Kelsea, a weight man, has gone out for baseball and Daland, a quarter miler, is under the doctor's orders not to run. Jack Smith, high jumper, has left school, and Warren, pole vault and javelin, is barred through four years of competition. Lamont, half miler, transferred to Harvard, Manfreda, star of the 1929 freshman team, to Holy Cross. Manfreda averaged twenty points in all meets last spring, being undefeated in either of the dashes or the broad jump. The varsity is particularly weak in the dashes.

The freshmen candidates include very few experienced men, and there are few outstanding stars. Present indications are that the frosh will be particularly weak in the weights and field events.

PRIZES AWARDED TO COLLEGE STUDENTS

\$100 Given for Best 500-Word Essay on College Mental Depression—One Year's Travel Cruise on Floating University to be Offered as Prize

Two prizes have been recently offered to college students who are proficient in essay writing on the subjects of "Has the American undergraduate a post-war neurosis" and a discussion of the East in connection with international education. The New York Evening Post offers \$100 for the best 500-word answer to the first question while the University Travel Association will give a \$2,500 scholarship for a school year of study abroad on the second College Cruise Around the World for the second-named subject.

The topic of the American undergraduate and his post-war neurosis concerns the "wave" of mental depression apparently sweeping through American schools and colleges. Additional questions to be considered in this essay include "Does modern education foster too much independent, unguided thinking?" and "What is responsible for the melancholia which seems to have invaded the campus today?" The Post also will award a \$10 prize for every letter published. The ample scholarship to be awarded by the University Travel association will give the winning student full expenses on the "University Afloat" for one year's cruise. The award will be made in June.

INTER-CLASS TOURNAMENT FOR GIRL BASEBALL PLAYERS

Announcement has come from Miss Katherine Watson, director of the Women's Physical Education Department, of a new program for girls' athletics this term. Baseball, which is to be coached by both Miss Watson and Mrs. Manton, is one of the chief sports and class teams are to be picked to participate in a final tournament to be held later in the spring. The events for the track work have not been announced, but there will be an interclass meet at the end of the term.

Swimming courses, which will start next week, are to be held for beginners and intermediates. There is also a life saving course to be given for the advanced swimmers. The work will be concentrated chiefly upon strokes because of the lack of a diving board. While many girls would have liked to have made tennis and archery their major sports, the work has been handicapped by lack of equipment in these two fields.

ARCHITECTURAL DRAWINGS IN NATIONAL COMPETITION

Through a new arrangement made by the Architectural department, the Beaux Arts Institute of Drawing of New York is receiving all the best drawings of the architectural students of the university. These are judged with those of other colleges all over the country. The drawings which are not considered worthy of Beaux Arts mention are put on exhibition and are criticised by Professor Schramm for the benefit of the students.

It has always been the custom of the department according to Professor E. T. Huddleston to give the students preparation in the work they take up the third term but this year the only fundamental teaching they have received is in the form of a synopsis and they have then gone into composition and original design work.

PROF. PERLEY TO BE AT PHILA. BANQUET

March Meeting of Philadelphia Alumni Branch Held on March 30—Ernest Christensen, '23, Wins At Progressive Bridge Party on March 15

The next meeting of the Philadelphia Alumni Club will be that of the annual dinner and will be held at 6.30 p. m., on April 8, with Professor George A. Perley of the Chemistry department and coach of the championship winter sports team, as the guest and chief speaker. Mr. Dodge is chairman of the annual dinner committee with Mrs. Annis and Mr. Smart as assisting members. The dinner will be informal, and all Philadelphia alumni are urged to be present.

The March meeting of the Philadelphia Alumni Club, which was held at the Engineers' Club on March 30, was attended by the following: Mr. and Mrs. R. W. Smart, Mrs. J. H. Annis, Dr. Phyllis Blanchard, Dr. Walter Lucase, and Messrs. C. A. Dodge, M. McConachie, R. E. Parkhurst and L. H. Kenney. The business meeting was called to order by the vice president, Mrs. J. H. Annis, President Huse being in Chicago.

Correspondence was read concerning bills in the New Hampshire legislature regarding the university, the results of the Winter Sports team, and the bowling tournament. The treasurer reported that the financial status of the club is the same as it was last November.

A meeting of the Durham Branch was held at the Lambda Chi Alpha House on March 15th. The first part of the evening was devoted to progressive bridge. Ernest Christensen, '23, won first prize for men, and Mrs. Helen McRae, '98, first prize for ladies. D. A. Watson, '03, and Mrs. Helen A. Rollins, '24, received the booby prizes. A short business meeting was held afterwards.

G. L. PLIMPTON OF TILTON SPEAKS ON "PASSION PLAY"

On Monday, April 4, at seven o'clock, in the Community House, Mr. George L. Plimpton, headmaster of Tilton School, spoke on the "Passion Play" at Oberammergau. Mr. Plimpton was secured by the Y. M. C. A. for its weekly meeting. Some of the pictures used in the stereopticon slides were taken by Mr. Plimpton who saw the "Passion Play" in 1910 and 1922.

The play has been given only once since the war and will not occur again until 1930. Mr. Plimpton is a personal friend of Anton Lang, who impersonates the Christ, and was a guest at the actor's house during the play.

Me
and the joy-friend...
Prince Albert

WHEN my father was in college, "Put that in your pipe and smoke it!" was considered snappy conversation. I'm ready to take this old line literally when the talk centers around Prince Albert. Because P. A. makes *two* of what I like in a pipe.

All wise-cracking aside, P. A. is the money when it comes to deep-down satisfaction in a smoke. It's got everything! Cool as the trail of the ice-man across the kitchen. Sweet as vacation. Fragrant as a pine forest.

Think up your own similes. You'll write them all in the column headed "Superlative Degree" when you learn the joys of a jimmy-pipe and Prince Albert. If you don't know this grand old smoke, come around to my room and I'll give you a load.

PRINCE ALBERT

—no other tobacco is like it!

© 1927, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.
